ETF funds for spot
trading BTC (Bitcoin)

Bitcoin for years has been accused for being in demand for money laundering

(CNBC.com), 2017

The Result?

Leading Regulators have approved ETFs for spot trading Bitcoin with the total volume of trading ETFs in March 2024 only exceeded over 110 billion dollars

For years were rumours that Bitcoin
it is not a real thing and eventually it
will be close-down and/or disappear

(CNBC.com), 2017

The Result?

JP Morgan created its own stablecoin
"JPM coin" which it is used for almost
10 billions transactions daily.

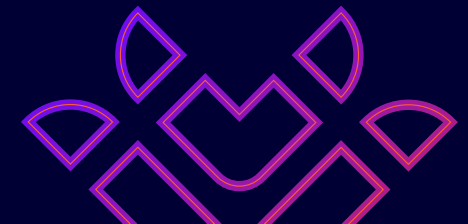

Even Trump was stating that
“I am not a fan of Bitcoin and
other Cryptocurrencies, which
are not money, and whose value
is highly volatile and based on thin air”.

(CNBC.com), 2017

The Result?

He now accepts payments in BTC Bitcoin for his sneakers line
and launched his own NFT collection.
